

This topographic map displays the Katmai National Park and Preserve region in Alaska. The terrain is color-coded by elevation, with higher elevations shown in shades of red and orange, and lower elevations in shades of green and yellow. The map features several geographical labels: 'Katmai National Preserve' in the upper left, 'Katmai National Park' in the center, and 'Naknek Lake' on the left side. The prominent peak of 'Mt. Katmai' is marked with a black dot and labeled with its elevation of '2047 m'. A scale bar at the bottom right indicates a distance of 20 km, and a north arrow is positioned in the bottom right corner. The map is overlaid with a grid of latitude and longitude lines.
